Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Tuesday 09 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Feeling cold with sunny spells and snow showers.

Today:
A frosty start for many, with snow showers and sunny spells following throughout the day. Western areas will see the best of these sunny spells, with the heaviest snowfall in the east. Feeling very cold, with significant wind chill. Maximum temperature 2 deg C (36 deg F).

Tonight:
Snow showers continue overnight, with western areas continuing to see the best clear and dry spells. Feeling very cold, with brisk winds and a widespread harsh frost likely. Minimum temperature -4 deg C (25 deg F).

Wednesday:
A frosty morning, then a largely dry day with sunny spells. Snow showers easing for many but remaining over the Pennines. Continuing to feel very cold and windy. Maximum temperature 3 deg C (37 deg F).

Outlook for Thursday to Saturday:
Largely dry Thursday, with sunny spells and occasional flurries of snow. Snow easing Friday, with sunny spells continuing. Windy with possible snow on Saturday. Feeling cold throughout, with overnight frosts.
